

HISTORIC HILL CLIMBER

We lost one of PHA's greatest HP drivers, Henry Mearig, but his car is still alive and being restored! I was contacted by a gentlemen who was looking for information on a Fiat he was restoring....turns out, it was Henry's. I was able to supply all of Henry's stats and photos in the archive and he sent me photos of the car in progress. Look forward to seeing it done!

Here are photos of the Fiat in the process of restoration

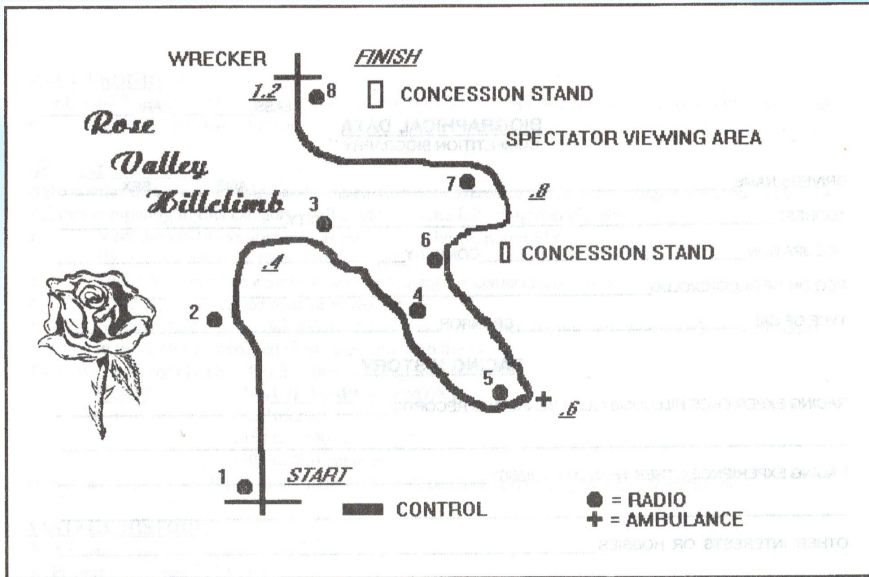

Looks like a quality job

Jon Mearig later raced the car as well.

Free to enter

Go to <http://invitationals.carlisleevents.com> and fill out the on-line application. ON the app, in the space under car history indicate that your car is a PHA race car for the race car paddock. The form was designed for full weekend attendees (NOT necessary for PHA cars) so ignore instructions not relevant to the race car paddock. When you apply, please shoot an email to Gordon at redhotvr6@hotmail.com or call him at (717)964-3044 since he is the PHA coordinator on this

Again, I apologize for the lateness of this issue. Things have been a little rough in my personal life and I struggle to keep my head above water.

2015 PHA Presentation and reunion is on!!

The presentation will start at 1:30 @ the Lebanon Historical Society...last, maybe an hour and half, depends on the film I present.

And then...the after party will be at Snitz Creek Brewery, right across the street. We'd like to give them some numbers as to how many people to expect...so if you plan on attending and are not on Facebook (where there is an event page where you can click "attending", shoot me a message so I can keep track. Looks like were at 35 planning on coming out as of now. Would love to see a big crew like we got at Hershey & Fleetwood presentations!
