THE BESHORE MUSTANG

Here we see the car, driven by Scott, at Duryea circa 1977 in A Sedan class.

Once again...we find an ex PHA sill alive and kicking!!! This time it is the Mustang that was run by the Beshore brothers! This ride was campaigned later in the Beshore brothers hill climb history. The car is now running in the vintage Trans Am series and is looking

The car, photographed for a photo shoot...now resides in California.

Cornering hard at Laguna Seca! Crazy where these cars keep popping up, huh!?

HAPPENINGS

Again...I apologize for the tardiness of this issue. I am slowly getting back on track! I thank those that continue to support me!

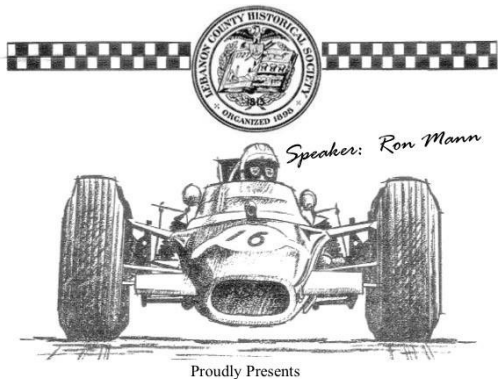

The 2015 PHA season is in full swing with the conclusion of Giant's Despair this past weekend (11-12). I got out there for Sunday's action and the crowd was great...the competitor turnout was great...a lot of fast cars...and always something new! I also got out to Pagoda so far this year...and even though day one was plagued with rain...Sunday had an excellent turnout and nice crowds! Next event on the schedule is Polish Mountain and I'm thinking of making it down for that as well.

It never ceases to amaze me on the "cases" that flow right into my inbox from all over the country and world...I have plenty of stories to share for many front pages of Historic Hill Climber for years to come!

Be sure to note our 2015 presentation and gathering below. I promise to put on a good show full of facts, photos & film!! Be sure to add it to your schedule!

WHO IS IT? "R"

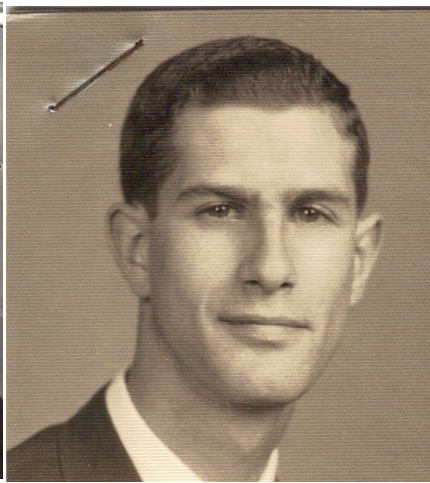

Last issue I featured our PHA drivers with the last name starting with "Q"...both of them! Alas...no one had a guess on either one. The guys representing "Q" were; Roger Quigg and Mark Quinn. This issue we'll try to guess those drivers with the last name starting with "R". Good luck....
