Archives

Alfa GTA...New Life!

Yet another PHA car getting found...a make over and a new life! This issue celebrates Bruce Perry's 1965 Alfa Romeo 1600 GTA. I was once again...sought out to fill in the gaps in this car's history...surely, I helped the best I could. Once again supplying photos and results to assist with the cars pedigree. Here are some pixs then and now!

HAPPENINGS

Welcome to Volume 8...yea, 8 years of Historic Hill Climber!! Late again...sorry, about that! I'm going to try to do better this year.

Still sorting through a slew of artifacts that have recently come in...I have to put up some more shelves in the museum. Just have to get the time!!

Recently, a photographer...Carl Hess...has been sharing a slew of photos he took from 1963-1966. Place like Weatherly, Hershey, Hobbie & Giants Despair. Look for a full issue highlighting some of these photos! They are really good. I've shared many with folks that we ID'ed and they seemed to enjoy them!

I've been travelling to Florida at least once a month...next time south will be in late February. I stay in the Winter Garden area. If you are close by...let's meet up!

I also know some folks have been trying to get here to visit...presently, I'm not quite prepared to have guests, as the house is presently in a transition, post divorce. I'm looking to have things back in order in March.

PHA Hall Of Fame

The 2015 class of the PHA Hall Of Fame were announced at the year end banquet. This year the Hall welcomes; Tom Knorr and Mike Ancas. Tom has been hill climbing since 1966 and served as PHA President for 10 years. Mike Ancas has been hill climbing for over 20 years...he holds more class records than anyone else and is climbing up the list for all time class wins. They both have contributed to the PHA and have promoted our organization and can be credited in the growth of all the events! Congratulations to both of them!

Tom receiving award from John Pitman.

Mike receiving award from Don McLaughlin

Who Is It?

We almost had a clean sweep with the "S" Ids...they were Jim Sariano, Harry Schmalbach, Richard Schnabel, Buddy Scolastio, Wayne Sia, Allan Singer, Craig Smith, Glen Snavelly and Jake Symonovich. This month...you guessed it; "T".
