

# HISTORIC HILL CLIMBER

PHA Museum & Archives

Summer 2016

## PHA HEALEY STASHED IN MASS!!

Was contacted by a "customer" look to track down some history on a car he came across....how did he find me? Well, there was a 1970 Tuscarora Tech Sticker still clinging to this tattered beast! A couple of Googles...and he found me. Using my databases...I could run the cars number and came up with a potential racer by the name of, Harold Anstine of Red Lion, PA. I provided what I could...and hope to see this car back on the track...love the original patina, hope it stays like that!!

You can see a Sprite beside our subject car...no request on info was made on that....pretty neat, like a time capsule!

Anstine's PHA License...remember him?

# HAPPENINGS!!

Once again...I apologize for this issue being late! I think what I'll do, to alleviate a little stress, is release 4 issues per year seasonally. Meaning they won't be tied to a specific month anymore (this being the Summer issue). That will give me some "flex time".

The Museum is in presentable condition and can be visited upon request. There is a lot of work to do...filing, installing some shelves, sorting and data entry...come winter time.

Remember there are two presentations coming up this year...see attached fliers. I hope to see a good veteran turnout!! Come out and see some old friends! If anyone would like to ride with me...I'll be taking my Eurovan. Let me know.

Amazing what you'll find on Craig's list....Rich Sweigart spotted Jim Seiple's old EP Alfa Romeo for sale...Jim and this car racked up a lot of class wins...maybe it will be back on the hills soon.

# WHO IS IT!?

In our last issue we focused on drivers with the last name starting with “U”. We didn’t have a lot of guesses but here are the answers: Garth Ullom, Walt Urban, Robert Urso, & Carl Ulrich. This issue...you guessed it...who can you ID out of these folks with the last name starting with “V”?
